Purpose- Why is the work important to you and the larger community?

Principles- What rules must we obey in pursuit of our purpose?

Participants- Who must be included to achieve our purpose?

Practices- What are we going to do? What will we offer to our users/clients? How?

WINGS Mission: We enhance Oregonians' independence and self-reliance by ensuring that the continuum of services available in Oregon is fair, effective, and accessible.

WINGS Vision: There are high quality and accountable substitute decision-making services throughout Oregon that encourage independence and self-reliance and conform to the values and preferences of persons with decision-making limitations.

Bryan sent out a list of proposed solutions from the WINGS Mapping Project and the Central Oregon Guardianship and Conservatorship Summit to the group beforehand. The group should think about new projects and what their new focus should be.

Group had 2 random breakout sessions led by Bryan Marsh and Jeffrey Petty. Breakout session topics: What will WINGS do next and how should we prioritize future projects?

**Next steps:** Jeff and Bryan will share their notes with the group so that we can discuss them at the next meeting.

## **Stakeholder Project Updates**

ACL Elder Justice Innovation Grant

**Jeffrey Petty**

Grant is designed to help state courts take an objective self-assessment as to how they are reviewing and monitoring protective proceedings. An Advisory Committee has been convened. The plan is to start with a survey to the judges and staff to get a sense of where local courts are at and what business practices and polices look like. Then, to present a comprehensive report for the purpose of targeting gaps and opportunities for improvement and intervention. There will be a lot of training material provided to courts and judges and there may a human resource available to answer questions.

One underway improvement will be centralized auditing service for conservatorship accounting. Christian Hale has been hired to head up that part of program. He will develop process and protocol to address the gaps identified during self-assessment.

SPPAC

**Judge Holland**

State Protective Proceeding Advisory Committee (SPPAC) is chaired by Judge Lauren Holland and Judge Rita Cobb. Committee is made up mainly of court personnel with intentional overlap. Looking to gain information and what projects we want to take on.

**Emily Braman**

The ARC Oregon is continuing work on disrupting the school to guardianship pipeline for transition age youth. We put in for another grant. If we get that, we can bring that here and talk about it.
